Clause (6).—The Government have approved the proposal to provide water-supply for the Srirangapuram village under the Rural Water-Supply Comprehensive Programme by taking over the existing tube well. The Collector of Madurai has reported that the work will be started as soon as the requisite contribution is forthcoming and that in the other places works are proposed to be started and completed during this year.

APPENDIX II.

[Vide answer to starred question No. 594 asked by Sri A. A. Rasheed and Sri S. Lazar at the meeting of the Legislative Assembly held on 10th September 1960, on page 605 supra.]

The Government of India are responsible to arrange for the procurement and supply of nitrogenous fertilizers to the States under the Central Pool Scheme. Fertilizers are in short supply in the country at present, owing to the fact that the indigenous production is far less than the demand and imports to meet the deficit are limited by the foreign exchange position.

Against the requirements of this State for the first quarter of the current year (April to June 1960), the Government of India supplied only about 31 per cent of the demand in terms of Ammonium Sulphate. As the supply was inadequate to meet the
